

# Member Spark REWARDS

## What is it?

We've always used our profits for your good. In fact, it's a key difference between a bank and credit union. With Member Spark Rewards, your good happens to be cold, hard cash!

## As a member – you are an owner!

When we profit, you profit. Literally. We are owned by the people who bank with us. As an owner, you share in our profits – now in cash that you can access any-time. So next time you walk in, walk in like you own the place – because you do!

## How does it work?

Our financial wellness is reflected by our members' financial wellness. When our members become financially fit, through saving, investing, and building credit, we become more profitable. When we profit, we share those profits with our members.

## The formula

Your relationship with us – or how many qualifying products you use

+ How much you use them – big balances result in big rewards

+ How long you've been a member – the longer, the better.

= *Your Member Spark* Rewards

## The *framework!*

The framework for our Member Spark Rewards is simple and the rewards meaningful. Just a couple guidelines for you to keep in mind. You need to qualify for the Relationship Bonus before you are eligible for either the Balance or Loyalty Bonus. You can qualify for different levels of bonuses – for example, you can qualify for a Rewardy Relationship Bonus and a Rewardier Loyalty Bonus – or vice versa.

## It pays to be a member! *Literally!*

Payments are based on relationships as of December 31 of the previous year. If you qualify for a Rewards payout, the payout will be deposited into your Member Share account in April of the following year. Once deposited to your account you have immediate access to the funds! Simply transfer to your chequing account to buy yourself a nice little thank you gift or pay some bills! Or if you want to invest your reward (and maybe move from Rewardy to Rewardiest), we'd love to help! And we'd love to hear about what you do with your rewards! If you're happy and you know it, tell us your story on Facebook or Instagram!
